

CORRIGENDUM

Donald B. Colvin, M.D. • Kelly M. Tyler, M.D.

On behalf of the American Society of Colon and Rectal Surgeons Healthcare Economics Committee

In the Coding Corner titled “How do you code colonoscopies correctly?” which appeared in Volume 67, Issue 12, of *Diseases of the Colon & Rectum*, the code for colonoscopy with polypectomy is incorrect. The correct code is below.

45385: removal of tumor(s), polyp(s), lesions(s) by a snare
