Important safety information

For important safety information, please refer to www.intuitive.com/safety. For a product’s intended use and/or indications for use, risks, full cautions and warnings, please refer to the associated User Manual(s).

Surgeon disclosure

The material presented represents the views, experiences, and opinions of independent surgeons based on their practice and personal experience performing surgery with the da Vinci surgical systems. Their experience may or may not be reproducible and is not generalizable.

Da Vinci Xi/X system precaution statement

The demonstration of safety and effectiveness for the representative specific procedures did not include evaluation of outcomes related to the

treatment of cancer (overall survival, disease-free survival, local recurrence) or treatment of the patient’s underlying disease/condition. Device usage in all surgical procedures should be guided by the clinical judgment of an adequately trained surgeon.
