

THE MOST COMPLETE ONE-DAY ENDOVASCULAR CONFERENCE

PACIFIC NORTHWEST ENDOVASCULAR

C O N F E R E N C E

MAY 26-27, 2022

HYATT REGENCY SEATTLE • SEATTLE, WA

The Pacific Northwest Endovascular Conference (PNEC) will be live and in-person again in 2022.

PNEC will be implementing enhanced protection protocols as outlined by the CDC. We are also working in collaboration with state and local health officials to comply with all health and safety laws, rules, and regulations with which gatherings must follow. We will continue to assess the situation and will pivot to a virtual model if necessary.

Secure your company's place among PNEC's receptive audience of key decision makers and national opinion leaders.
