2024 EXHIBIT/SPONSORSHIP INFORMATION

NEVASH is a case-based, interactive CME symposium that covers a wide range of topics in both valvular and structural heart disease. Join key opinion leaders in cardiology and cardiac surgery for an update on optimal management of complex structural heart patients and debates/discussions of ongoing clinical controversies. Exhibitors will have opportunities to engage with the decision makers to share ideas and knowledge to improve patient and program outcomes in a very relaxed and friendly atmosphere.
