NHIA is the trade association representing companies that provide medically necessary infusion therapies to patients in alternate sites, as well as companies that manufacture and supply infusion and specialty pharmacy products. The association's mission is to provide advocacy, education, and resources to the infusion provider community so the patients they serve can lead healthy, independent lives. For more information, visit www.nhia.org.

NHIA's Annual Conference is the premiere event for the rapidly growing home and alternate site infusion industry.

NHIA 2024 will bring together:

- Business owners, executives and seasoned industry professions seeking the year's best networking and leadership education.
- Clinical pharmacists, technicians, infusion nurses, dietitians, reimbursement specialists, sales & marketing professionals, operations and support staff seeking to improve company operations and on-the-job knowledge.
- Physicians and health system administrators seeking the latest information and trends in home infusion.
- Nurses, pharmacists and pharmacy technicians from outside the infusion industry looking to earn CE and expand their skill sets to discover new career opportunities.

We hope you'll join us and 1,500 infusion professionals in Austin, Texas – March 23-27, 2024.

SOLD General Session: DEIA & Leadership

\$12,500

Exclusive

This new session, now in its second year, was born out of a transformation of NHIA's Women in Leadership Luncheon. Recognizing women in leadership will still be a key theme, however we have now supercharged the session by opening up attendance across a full general session and broadening the scope to feature a diversity, equity, inclusion and accessibility (DEIA) keynote speaker as well as recognizing other outstanding achievements in the infusion industry.

Attendees will have an opportunity to network at a coffee and dessert break prior to the general session and then enjoy a special event designed to harness the power of DEIA, shining a light on important issues and opportunities as well as the diversity across our incredible community.

The event will honor the recipient of the National Home Infusion Foundation's Lynn Giglione Women in Leadership Award, which recognizes trailblazing women leaders who have demonstrated exemplary service to patients and their peers while promoting NHIF's mission.

The Outstanding Abstract Achievement Award winner will also be recognized along with additional industry recognitions.

Benefits Include:

- 45-second commercial to play before session begins once placed on demand
- **NEW!** Chair drop in session room with custom flyer (8.5" x 11" up to double sided) *(Flyer provided by sponsor)*
- **NEW!** Meter board sign at entrance to session room
- Brief introduction of the speaker
- Logo and sponsorship acknowledgment on marketing (website, onsite program, signage, and mobile app)

Sterile Compounding Clinic

NHIA's Sterile Compounding Clinic program is a big draw and an enormous success each year!

This interactive four-day program combines classroom learning sessions with hands-on, lab-based training in an onsite simulated sterile compounding lab to provide participants with the most current information and practices about sterile compounding standards and methods. The program utilizes industry experts to address critical aspects of sterile compounding. NHIA expects 100 participants in this separate clinic; each attendee will earn ACPE-approved CE.

SOLD

Session 1

\$11,500

Aseptic Techniques and Environmental Monitoring

Attendees will rotate through a simulated lab environment staffed with qualified instructors to demonstrate hand hygiene and garbing, non-hazardous aseptic transfers, and media fill procedures and more. The lab offers a unique opportunity to work in several primary engineering controls, attendees can experience compounding with different techniques associated with compounding home infusion-specific dosage forms.

Session 2

\$11,500

Garbing & Personnel Testing

Attendees will rotate through a simulated lab environment staffed with qualified instructors to demonstrate hand hygiene, donning hazardous compounding garb, hazardous aseptic transfers, use of closed-system transfer devices, cleaning and disposal of hazardous materials, and more. The lab offers a unique opportunity to work in a biological safety cabinet so attendees can gain experience compounding in the vertical airflow environment.

SOLD

Session 3

\$11,500

Parenteral Nutrition Compounding

Attendees will receive a combination of didactic and hands-on instruction related to the special considerations associated with compounding parenteral nutrition formulations. This workshop format utilizes real-time demonstrations using state of the art compounding equipment and supplies and is staffed with qualified instructors to demonstrate the use of equipment and procedures for compounding parenteral nutrition.

The presentations were extremely interesting and relevant. The keynotes were high quality and engaging. Thank you for a wonderful opportunity to network with peers!

SOLD

Session 4

\$11,500

Cleaning, Disinfection, and Decontamination of Pharmacy Controlled Environments

This workshop combines didactic learning with hands-on activities using cleaning materials, viable air sampling equipment, and surface sampling supplies to simulate a USP-compliant cleanroom cleaning and monitoring program. This program is staffed with qualified instructors to demonstrate the proper use of equipment and procedures for conducting environmental monitoring of the cleanroom environment.

Benefits for sponsoring one of these sessions include:
